

Gordon Isakson, MD

CHIEF OF PEDIATRICS, SOUTH SACRAMENTO

Leadership Award

"I like guiding our department in a direction that will support our physicians and staff, so they can provide the best possible care for our patients," says Dr. Gordon Isakson with a smile.

Since 1994, Dr. Isakson has worked to create a patient-focused pediatrics department. To that end, he recruited an exceptional team of physicians who, in his words, "love taking care of kids." He clearly communicates his vision, facilitates teamwork, appreciates hard work and does it all with a generous dose of humor.

"Dr. Isakson is an incredible leader," says Richard Isaacs, MD, South Sacramento's Physician-in-Chief. "He built a department that provides the highest quality care, and created an environment where everyone truly enjoys working together toward that common goal."
