# KATHERINE BRUBAKER, MD

OB/GYN, SANTA CLARA

## 2008 Teaching Awards TEACHING AND GME

Hundreds of residents at Santa Clara and Oakland have been “brubakered,” and they’re grateful for it. Being “brubed” is what happens when Katherine Brubaker, MD, puts her considerable persuasive talents to work in encouraging them to complete their research projects.

A recipient of national teaching awards, Dr. Brubaker has mentored an entire generation of residents and been an Oral Board examiner for the American Board of Ob/Gyn since 1999. She is a gifted lecturer and widely recognized authority on menopausal health issues. She is an excellent teacher on labor and delivery, in the operating room and in resident office practice.

Says an admiring colleague: “Dr. Brubaker is the driving force behind the development and maintenance of excellent resident research at Santa Clara.”
